

## Do you have a Gas or Plasma Profile Cutting machine?

Would it benefit from a “face-lift”?

If, like many other businesses in Europe, you are cautious about large capital outlay on Plant and Machinery, Westermans International can offer you the perfect solution.

- **Refurbished your existing gas/plasma cutting machine**
- **Add a CNC unit or upgrade the scanning system**
- **Fully service and replace worn parts**
- **Re-piped and re-sprayed to look like a New Investment**
- **Guaranteed workmanship**

This procedure normally takes 2-3 weeks to complete. If you take advantage of our offer, in the meantime we will loan you a machine **FREE OF CHARGE**.

Maybe you would rather raise some much needed cash? **THEN SELL IT!**

We buy profile cutters regardless of age and condition. Tell us about any surplus welding or cutting equipment made by BOC, ESAB, Farley, ACS, Esprit, Messer, Koike & Hypertherm.

### Cash Paid today for Welding Equipment
