

WES-50 CE Head Tail Stock Positioner 5 Tonne Set Capacity

WES-50 CE headstock offers 360° rotation for precise weldment positioning. Its robust all-steel construction guarantees long-lasting performance. Drive side with fixed basis and rotation motor & reducer, and the tail side with manual traveling wheels on 2m rails for different length workpieces. Optional for 3-jaw self-centering chucks for secure clamping, it's ideal for high-quality results. Select WES 500 for precise and durable welding. Control boxes have IP55 rated enclosures and utilize variable frequency AC control electrical systems with full CE certification.

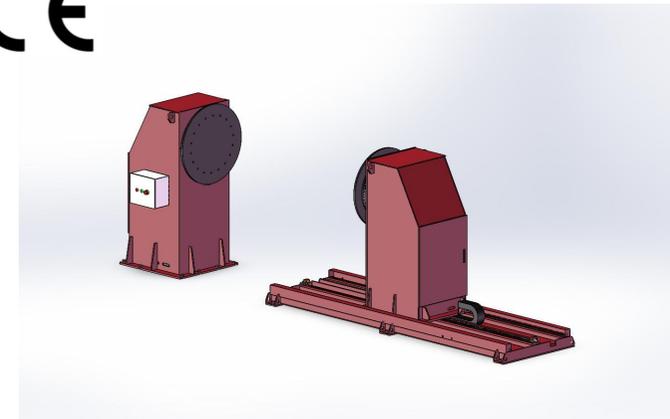

SPECIFICATIONS

Model	WES-50	Rotation Speed	0.05~0.5 rpm
Turning Capacity	5 ton maximum	Speed control	Variable Frequency Driver
Table Diameter	1500 mm	Welding Amps	1000A maximum
Rotation Power	1.5 KW	Voltage	400V 50Hz 3Phase
Center Height	1500 mm	Control system	Remote control 8m cable
Height Adjustment	Fixed Height	Foot Pedal	Supplied Together
Tail Side Basis	Manual Traveling	Color	RAL 3003 Red
