Why choose this machine?

Manufactured by Italian company Corimpex, a World leader in engineering, production and installation of automated arc welding solutions. You'll benefit from their expertise in automated submerged arc welding.

It's the ideal solution if you're looking to upgrade your current manual welding process. Or have been considering investing in an automated sub arc welding line.

The single wire submerged arc welding equipment fitted is industry-renowned for both performance and reliability. Lincoln Electric is a Global leader in submerged arc welding systems.

Removed fully working from a local company to us in the UK, we can give support and arrange full installation Worldwide if needed.

Who is this machine for?

A plate girder welding machine like this Corimpex is ideal for structural steel fabrication companies and contractors. Particularly those looking to progress to automated welding from manual processes.

Industries include:

- Steel fabrication
- Bridge construction
- Lighting
- Telecommunication & transmission
- Wind towers
- Shipyards
- Onshore & offshore platforms
- Oil & gas
- Pressure vessels
- Petrochemicals
