

30,000kg Welding Rotator

Detail Parameters

Model No.	Max loading	Table diameter	Rotation power	Lifting power	Lifting stroke
STWB-300	30Ton	1500mm	2*4 KW	2*3 KW	1000 to 2000 mm

1. Voltage: 400V 50Hz 3Phase
2. Hand control box with rotation speed digital readout.
3. Motorized elevator and motorized traveling.
4. Center height 1000-3000 mm by Chain lifting.
5. Traveling basis 5m for loading work pieces.

Detail Parts Brand	
● Inverter from Danfoss.	
● Motor from Invertek.	
● Reducer is China brand.	
● Electric system is Schneider.
