### 3-ROLL BENDING MACHINE

# **FLEX** – *MORE FLEXIBLE, FASTER, SAFER.*

#### **A MACHINE SYSTEM FOR THOSE WHO DON'T NEED A SECOND TRY.**

FLEX, the new 3-roll bending machine from HAEUSLER, forms workpieces in a single pass. Geometries and materials of all kinds can be flexibly executed. The intelligent BENDtronic® control system in combination with the Traction Control® takes care of the entire process – the permanently clamped plate ensures maximum safety.
